CHECK CASHING MANAGER

kSoft Corporation is proud to present Check Cashing Manager; the perfect software for any check cashing company, whether or not you charge a fee.

\$\$

Getting the bottom line on profit, bad checks, etc cannot get any easier. With Check Cashing Manager, all of your information can be easily retrieved.

\$\$

No need for special paper as Check Cashing Manager uses plain paper for all printing needs and the inexpensive Versa Check blank check stock is all that is needed for printing checks.

\$\$

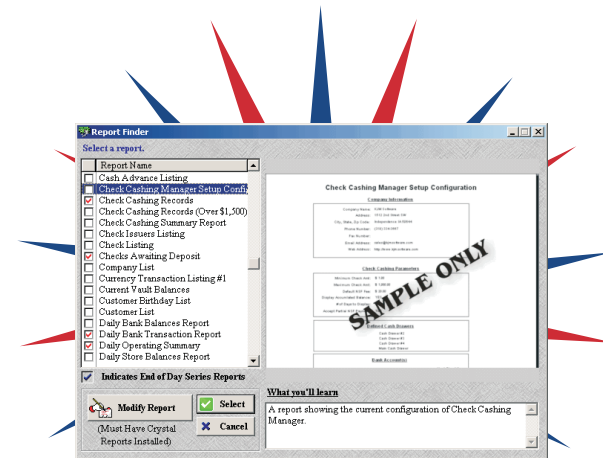

With Check Cashing Manager, you can easily train any employee to accept checks. The software is basically mistake and fraud proof!

\$\$

Automatic transfer of information from location to location in a multi-store environment. In addition, the ability to view consolidated reports from your entire company.

\$\$

For the technically inclined, you will be happy to know that Check Cashing Manager is based on the powerful Microsoft SQL Server for data storage and Crystal Reports for reporting. You can rest assured that your data is safe and secure!
